

Hello fellow El Paso Realtors®,

I personally want to thank you for what you do in our community. I'm proud to see you step up at this time of uncertainty. We are on the front lines of this unfortunate pandemic that is sweeping our country and has recently invaded our city. We are not only providers of shelter but we also provide opinions and advice to our clients and customers when requested, and especially now there will be many questions in the time to come. I assure you that your executive team and board of directors are working tirelessly for each member to understand the importance and seriousness of our current situation.

I ask you to please take all precautions that the CDC has shared along with Texas REALTORS®, GEPAR and the city while practicing real estate, which has been deemed essential as you may know. This is a serious matter, it is our fiduciary duty to protect our client, the customer, and our community yet still we are faced with the question, "what if". I implore you to talk to your sellers and buyers, talk to your brokers, it is our job to educate and provide facts.

Please remember we are all in this together. If you have any questions or concerns I am available to each and every one of you for any reason! If you wanna talk about baseball, I am your president. If you wanna talk about a professional experience, I am your president. If you wanna talk about recipes or going stir crazy during these confusing times, I am your president. Your voice is heard through mine and I am reaching out in hope that you will express yourself. Thank you for the opportunity to serve you as your 2020 President of GEPAR. Believe me when I say: nothing can stop us, we will prevail, together.

Conrad Pickett

President

Greater El Paso Association of REALTORS®
